

John R. Rhee

GILA RIVER PROJECT, ARIZONA

THAT FELLOWSHIP MAY NOT BE BROKEN

Two thousand American college students of Japanese ancestry are still behind barbed wire in ten Relocation Camps. The Student Christian Movement, in addition to working with the Student Relocation Council and fostering the W.S.S.F. to increase opportunities for relocation of these students, has gone into the camps and helped in the formation of Student Associations.

In the five Relocation Camps in the Asilomar Region, Student Associations are meeting the desperate needs of these students and bespeaking the unbreakable bonds of fellowship in the Student Christian Movement. These student groups hunger for continued contacts with the colleges from which they have come and for new friends in the colleges beyond the Rockies to which they hope some day to be transferred. In their isolation, they fear complete detachment from the thought and life of the student world and the lethargy which destroys all hope of the future.

This is to suggest ways and means in which fellowship and sharing may be a reality in spite of American Concentration Camps.

FIVE STUDENT ASSOCIATIONS AWAIT WORD FROM YOU

MANZANAR, CALIFORNIA - An Intercollegiate Association has been functioning since October. The most pressing need is contact with the "outside world" as they are 200 miles from the nearest railroad and feel the pangs of isolation. They want to know what college students are thinking and doing and how they can share ideas and common undertakings. They are trying to make a College Hall out of a barrack. Books, magazines, lamps, furniture, pennants, anything that will bring a cozy atmosphere out of a barrack!

President: Henry Ishizuka
23-8-4
Manzanar, California

Adviser: Miss Aki Saito
Student Intercollegiate Ass'n
College Hall
Manzanar, California

TULE LAKE, NEWELL, CALIFORNIA - A Student Christian Assn with discussion groups on Post War Reconstruction, Philosophy of Life, etc. The colleges across the Rockies are all unknown to them and yet some day when their turn comes for relocation, what a difference it will make to have friends and a picture of the life of your college. There is no space for them to have a College Hall project. Their meetings are in Mess Halls or Laundry Barracks. They have worked hard on the W.S.S.F. having pro-

duced beautiful posters which can be used in your campaign,

Contact person: Miss Elaine Ishikawa Adviser: Mrs. Helen Ritter
3406-C Tule Lake W.R.A.
Tule Lake W.R.A. Newell, California
Newell, California

GILA RIVER, RIVERS, ARIZONA has two camps, Canal and Butte, four miles apart.

Canal Camp has a University Club dedicated to the keeping alive of the values of higher education. They have real discussions on current issues. Here, also, a College Hall or Student Center is in the making,

President: Mr. Ichi Imamura
16-8-C, Canal Camp
Gila River WRA
Rivers, Arizona

Butte Camp has an Intercollegiate Association. It needs ideas for program and projects and from the depth of their struggle for hope and courage, they can give realism to the discussions of the Associations cooperating with them. They have a real College Hall but would be very interested in receiving college papers, catalogs and pictures for this is an Intercollegiate Association whose membership will be migrating to new university centers.

President: Mr. Earle Yusa Adviser: Mr. Royden Susumago
72-10-D, Butte Camp Butte Camp, Gila River WRA
Gila River WRA Rivers, Arizona
Rivers, Arizona

POSTON, ARIZONA - has three camps with a total population of 25,000. Because of a recent strike, spirits were so low an active Association had to await a later visit from the regional secretary. Bob Sakai, Ward 15, Poston WRA, Poston, Arizona, formerly of the University of California, will welcome any contacts from the outside world.

TOPAZ, DELTA, UTAH - Here is a large student group chiefly from the University of California, but 12 difference colleges are represented in the membership. They have prospects of space for a College Hall. They plan discussion groups on Minorities, Post War Reconstruction, Philosophy of Life, and Inside the News. They feel the need of continuing contacts with the California colleges but eagerly reach out to know more about colleges beyond the Rockies which must be their future Alma Mater. Forty students have gone out from Topaz to colleges East of the Rockies. One of them may be on your campus.

President: Miss Kay Yamashita Adviser: Mr. Joseph Goodman
6-3-E, Topaz WRA Topaz W.R.A.
Delta, Utah Delta, Utah

Our basic commitment, as a Student Christian Movement, is to right this grievous denial of the right of citizens in a democracy. Interpretation of this racial evaluation and the formation of intelligent and receptive public opinion is basic to resettlement. The World Student Service Fund needs additional support if it is to meet the scholarship needs of these students.

But while they are waiting, isolated and humiliated, they will be greatly strengthened by the cooperation of individual Associations and individuals in the Student Christian Movement.

Write and give them a picture of your college, your Association and your program. Ask them about their program, the possibility of some of them coming to your college. Suggest sending your college and Association papers. Joint parties and discussion groups have been carried on by correspondence. They will be glad to help

you on your W.S.S.F. Drive, making posters and writing articles for your paper. You'd be surprised in how distance can be transcended.

Mutual sharing will greatly enrich our Student Christian Movement and indeed make it --- *a continuing fellowship which cannot be broken.*

The Student Christian Movement
Asilomar Region - mbr

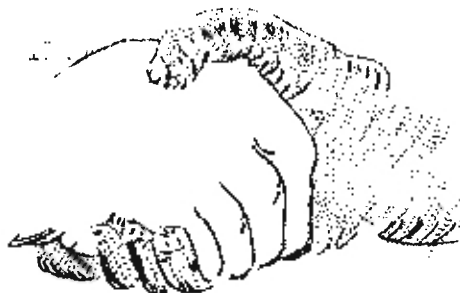

P.S.: Word has just been received that a Student Association has been started at Heart Mountain, Wyoming. Mr. Carroll Moon, regional SCM secretary of the Rocky Mountain region (office: 114 E. Ninth Street, Topeka, Kansas) will be visiting the Association in March. Miss Emi Kimura, previously president of the YWCA at San Jose State College, San Jose, California, is president of this Association and Mrs. Masami Yoshida, former office secretary in the Asilomar Region office, is adviser. Grenada, Colorado Project is also in the Rocky Mountain region. Write Mr. Moon for details of the Student Associations in these two projects.

Miss Jimmie Woodward and Mr. Fred Miller, SCM secretaries in the Southwest Region (office: 1411 Locust Street, St. Louis, Missouri) have been working with student groups in the Jerome and Rohwer, Arkansas, projects. Write them for news of students now in these two projects.

Minidoka, Idaho is in the Seabeck Region. Mr. Howard Willits (office: YMCA, Portland, Oregon) is beginning work in this project.

It has been suggested that Associations in the Asilomar Region follow their students in whatever Relocation Center they may be. Suggestions for cooperation between other regions and Associations in the WRA Projects are:

New England Region - Tule Lake and Manzanar
Middle Atlantic - Topan and Grenada
Geneva Region - Heart Mountain and Minidoka
New York Region - Gila River and Poston
Southern Region - Jerome and Rowher

Mr. C. V. Hibbard
1201 Chestnut St.
Philadelphia, Pa.

Dear Mr. Hibbard:

I have your March 9th letter sent air mail and also have one from Miss Johnson of February 24th which has not been answered.

We are in our usual term-end congestion with a few extras this year! I shall be glad to continue as a member of the council or however you designate the group and want to be of any service that I can. I am sorry to learn that Dean O'Brien has had to give up his work with the council--I know how interested he is in his work. I am glad to know that you are on the job as the new director. Let me know whenever I can be of help.

Very cordially,

Karl W. Onthank
Dean of Personnel Administration

AIR MAIL

Dean Karl W. Onthank,
University of Oregon,
Eugene, Oregon.

My dear Dean Onthank:

I am sure that you know that the two offices of the Student Relocation Council are being consolidated,--indeed at the moment that I dictate this letter the enormous boxes containing the 2500 dossiers are being brought upstairs to the office. Within a day or so the members of the West Coast staff who are coming East will be here and this office will be functioning as the complete headquarters. Of course we are very eager that you should remain a member of the Council, now that the West Coast Committee of the Council naturally disappears. I shall appreciate it if you shall let me have as prompt an answer to this as possible.

You probably know that Dean O'Brien has been recalled to the University of Washington, much to the regret of all of his colleagues. A new director has not yet been appointed. My function is to bridge the gap.

Sincerely yours,

(Miss) Elizabeth F. Johnson

NATIONAL JAPANESE AMERICAN STUDENT RELOCATION COUNCIL
MINUTES OF THE
EXECUTIVE COMMITTEE
MEETING AT PHILADELPHIA OFFICE OF THE COUNCIL
1201 CHESTNUT STREET, PHILADELPHIA, PA.
MARCH 15th, 1943

NJ 21 PRESENT: C. Reed Cary, Roland Elliott, Alden Drew Kelley, Edward B. Rooney, Guy Snavely, Carlisle V. Hibbard, Director, and John W. Nason, Chairman.

NJ 22 STAFF: The existing staff consisting of the following was approved:
Howard K. Beale, Thomas R. Bodine, Betty Emlen, Woodruff J. Emlen, Carlisle V. Hibbard, Mildred Humphries, Trudy King, Doro C. Maier, Mary C. Megilligan, Bill Parr, William C. Stevenson, Jean Teevan, and Alys Whealin.

Additional staff was approved to include two or three competent stenographers and some volunteer help.

NJ 23 BUDGET: On motion by Guy Snavely, the following budget was approved: staff salaries \$1560.00, Travel \$400.00 (Thomas Bodine's travel \$300.00 and travel of employed and volunteer staff \$100.00), Office Rental \$75.00, and miscellaneous expenses \$400.00.

NJ 24 HIGH SCHOOL SENIORS: It was agreed that we should proceed with high school seniors now in the relocation centers much as with others desiring to continue their studies outside the centers. It was noted that many of these may be drafted into the Army, subjected to the screening process and some sent to colleges as soldiers for specialized training at Government expense. When, because of limited openings in the colleges or lack of scholarships, selection is necessary, more advanced students will be given preference.

NJ 25 NURSING SCHOOLS: It was suggested that to further the admission of candidates for nursing training to schools of requisite standing, we communicate with Miss Katharine Faville, Chairman of the National Committee on Recruitment of Student Nurses, 262 Madison Avenue, New York City, New York, and Father Alphonse M. Schwitalla, Head of the Catholic Hospital Association, St. Louis University, St. Louis, Missouri.

NJ 26 TRADE SCHOOLS: It was suggested in the matter of trade schools that we consult the American Vocational School Organization, in Washington, of which Mr. Dennis is secretary and the Williamson Free School Mechanical Trades, Middletown Road, Williamson (not far from Media, Pennsylvania).

NJ 27 DIRECTORY OF JAPANESE AMERICAN STUDENTS IN COLLEGES: On motion of Roland Elliott it was voted to assume the expense of publishing a directory of all students of Japanese race now in colleges and universities in this country. The National Council of Christian Associations joins in this enterprise by providing a list of these students which will be supplemented from the files of the National Japanese American Student Relocation Council and lists provided by the colleges. Names listed will be marked to indicate

- 2 -

those students placed through the agency of the NJASRC. Copies are to be sent to all members of the Council and to all Church Boards.

NJ 28 LOANS TO JAPANESE AMERICAN STUDENTS: It was agreed that the Council will not make loans to Japanese American students for travel expenses, etc: that where such loans may be urgently needed they may be made only as between the donor of funds designated for the purpose and the student concerned.

NJ 29 PUBLICITY: It was decided to print 2000 copies of the folder, copy for which was approved by the War Relocation Authority, that the type shall be held while copies are sent to members of the Council, the Church Boards, etc. to determine whether additional copies are needed. The suggestion of a second folder with photographs and more popular appeal is deferred.

NJ 30 RECENT WASHINGTON TRIP: John Nason reported that he visited W.R.A. Headquarters in Washington on Saturday, March 13th, accompanied by Thomas R. Bodine, Trudy King and Carlisle V. Hibbard; that the staff members were introduced to officials of the W.R.A. and the problems of operation freely discussed. The W.R.A. officials were most helpful and offered every facility at their disposal. More specifically they provided a clerk in their office and invited us to place one or more members of our staff in their offices to facilitate clearing all cases which had accumulated. This method is in successful operation with Trudy King in charge.

NJ 31 Analysts The request of Bill Stevenson that we secure voluntary assistance from college deans or other officials competent to act as analysts preparing personal ratings was considered. John Nason undertook to take initial steps.

NJ 32 NEXT MEETING OF THE COUNCIL: It was agreed that a meeting of the full Council will be called at 4 P.M. Thursday, May 6th in the Board Room of the National Council of the Y.M.C.A. at 347 Madison Avenue, New York City. Copies of these minutes of the Executive Committee meeting are to be sent to all members of the Council.

JAPANESE AMERICAN STUDENT RELOCATION

An American Challenge

“. . . The principle on which this country was founded and by which it has always been governed is that Americanism is a matter of the mind and heart: Americanism is not, and never was, a matter of race or ancestry. A good American is one who is loyal to this country and to our creed of liberty and democracy. Every loyal American citizen should be given the opportunity to serve this country wherever his skills will make the greatest contribution . . .”

This public statement by President Roosevelt, given in support of the War Department's proposal to add to the number of loyal Americans of Japanese ancestry now serving in the armed forces of our country, strengthens the appeal to all Americans to cooperate with the Government in the readjustment of the seventy thousand Japanese Americans now in the relocation centers.

Important Minority Group

Of great importance in the winning of the war and the peace are the young men and women, Americans of Japanese descent. Of these approximately 2,500 were in college when the evacuation took place. This age group has a significant contribution to make—a contribution which is uniquely theirs because of the accident of birth. Goodwill evidenced towards loyal young Americans of Japanese ancestry may well have a conciliatory influence in the Orient and throughout the world as significant in the future as the use of the Boxer Indemnity fund to educate Chinese students has been in the past.

Education for Americans

When the war came, 110,000 persons of Japanese ancestry were evacuated from the state of California and the coastal regions of Washington and Oregon. Approximately 70,000 of this group are citizens of the United States; the rest have lived here for at least eighteen years, as all Japanese immigration to this country ceased in 1924. The War Relocation Authority is the agency established to administer the relocation centers and to deal with the problems created by the evacuation procedure. In the relocation centers the Government is setting up schools through the high school level, but is not able to provide higher education.

In May, 1942, the Director of the War Relocation Authority wrote a letter to Mr. Clarence E. Pickett which, together with a supporting letter from the Assistant Secretary of War, is reproduced in this folder. This letter was the impetus for the organization of the National Japanese American Student Relocation Council which was set up with the full approval of the War Department. The Council includes many eminent educators as well as representatives of all the major religious groups.

Opportunities and Achievements

By February 1, 1943, the Council was able to find relocation opportunities for over 1,100 students in about one hundred and twenty-five colleges located in thirty-seven different states. Reports from the colleges which have received students are highly commendatory. One institution writes:

“These young men and women have, so far as I have been able to observe, found themselves almost immediately acclimated to their new environment. Our own student body has received them most cordially and from all the evidence at hand have not had a single experience of an untoward nature. If these young people are as happy in their new surroundings as we are in having them come here, then we will have been more than justified in opening our doors to them.”

Student comments are equally significant. One writes:

“To me it means more than just a college course; it means that I have been granted an opportunity for a new kind of life in which I can help give to my fellow schoolmates a better understanding of the Japanese American Nisei, and also become a better American.”

These comments are typical of many.

A Letter from the War Relocation Authority

WAR RELOCATION AUTHORITY

WASHINGTON

OFFICE OF THE DIRECTOR

May 5, 1942

Mr. C. E. Pickett
American Friends Service Committee
20 South 12th Street
Philadelphia, Pa.

Dear Mr. Pickett:

The American Friends Service Committee can make a significant contribution to the program of the War Relocation Authority.

As you know, evacuation of Japanese aliens and American-citizen Japanese is now under way on the Pacific Coast. Most evacuees will move from the prohibited zone to relocation centers managed by WRA. At these centers we shall be able to provide for elementary and high school education. We cannot, of course, establish new universities.

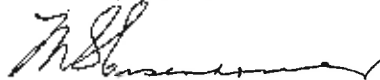

Many eminent educators have urged that university students in the prohibited zone be permitted to transfer to midwestern colleges and universities where they may continue their education. Certainly I agree that this would be desirable.

It is not feasible for the War Relocation Authority to undertake such a university program for American-citizen Japanese, but this is no way detracts from the desirability of such an accomplishment. Consequently, I should like to ask that you establish a committee which would aid you in formulating a set of policies and program. Such a program will involve the selection and certification of students at assembly or relocation centers, a phase of the task that must, of course, be handled by the Federal Government. It will involve transportation of students from the prohibited zone to a designated university, a function which I think may also be handled by WRA, just as it transports all evacuees from the prohibited zone to their war-duration homes. It involves the development of true understanding of this whole problem in many universities as a prerequisite to the students and faculty of those universities making arrangements for the reception of American-citizen Japanese. Finally, it involves either work opportunities or non-Federal funds for the support of students at the universities.

I should like to have you not only to bring together a committee to formulate a program but also to do the necessary follow-through work which will be necessary if this program is to be realized. Let me emphasize that the Federal Government for the protection of the students themselves and to re-assure the public will make individual examinations and give individual certifications. This, however, is only half of the matter. It is equally necessary to see to it that difficulties would not develop in the new locations to which the students would go.

I handed to Mr. Morris the roughest sort of suggested press release. I am anxious that some announcement be made early this week so that the people on the Coast who are concerned about this problem will not be completely discouraged.

Sincerely yours,

M. S. Eisenhower
Director

Procedure for Relocation

To set up and administer the machinery for these student transfers is a lengthy process. Colleges and universities are asked if they are interested in receiving these students. Next the War and Navy Departments must "clear" the college before it may receive evacuee students. Already approximately 400 colleges are on the cleared list and the number is growing.

Before the student leaves the relocation center a check on his individual record is made with the Federal Bureau of Investigation.

Well begun — not half done

In addition to the students already accepted by the colleges, there are at present over 1,500 whom the office is seeking to place for the next semester or term. The routine

is established. We have the colleges and the students. From now on placements will be limited chiefly by the amount of scholarship funds available and by our ability to handle the volume of detailed work and correspondence.

At this point the call is to all America that is moved by this American problem. Much money is needed. These young men and women are from families that in their original living were equipped financially to send their children to college. The national crisis, not any deeds of the families, precipitated the upheaval. As a result, only a few families have been able to salvage enough to pay their children's fees. Education will not wait. If a generous and understanding America comes to the help of these young people, loyalties will be intensified and we shall avert a crop of bitterness among these young men and women who are the natural leaders of their generation.

The Council asks help, as much and as soon as possible. We turn to the colleges for tuition scholarships. We look to the Churches, especially the Home Mission Boards, and the National Commission on University Work. We appeal to individuals.

These college-age students have a significance out of all proportion to their numbers. They constitute an American challenge.

A Letter from the Assistant Secretary of War

WAR DEPARTMENT
OFFICE OF THE ASSISTANT SECRETARY
WASHINGTON, D. C.

May 21, 1942.

Mr. Clarence E. Pickett
American Friends Service Committee
20 South Twelfth Street
Philadelphia, Pennsylvania

Dear Mr. Pickett:

Mr. M. S. Eisenhower, Director of War Relocation Authority, has sent me a copy of his letter of May 5th to you, regarding the working out of a program of university education for Japanese-American citizens who are now being evacuated from the Pacific Coast. He has suggested that you and your committee would find it helpful to receive from me an expression of approval of a properly conceived and carefully executed program in this respect.

Accordingly, I take pleasure in advising you that I am in complete sympathy with the suggestions made by Mr. Eisenhower in his letter to you of May 5th. Anything that can legitimately be done to compensate loyal citizens of Japanese ancestry for the dislocation to which they have been subjected, by reason of military necessity, has our full approval. In particular, the suggestion for the establishment of a committee of distinguished educators to work out a program of university education in other parts of the country for Japanese-American citizens evacuated from the Pacific Coast meets with my hearty approval.

I am happy to know that this committee is being formed under your sponsorship and that of the American Friends Service Committee.

Sincerely yours,

Assistant Secretary of War
